Colleagues,

I received a telephone call from a US citizen who called himself Sam Kislin. He enquired about the destiny of his letter – attached – and requested to talk to the Ambassador to tell his story. He claims he is a President's advisor. I assured him I would find out about the outcome and I/we get back to him.

However, having reread the request for assistance by Opalcore Ltd. initiated by "Kestenbaum, Dannenberg & Klein" lawyers I cannot see his name mentioned.
